## Voluntary Product Accessibility Template® (VPAT®) Revised Section 508 Edition

Version 2.5 (Revised) - September 2022

# Kurzweil Education Accessibility Conformance Report For Kurzweil 3000

Name of Product/Version: Kurzweil 3000 Software

**Product Description:** Assistive Technology Software

Report Date: September 29, 2021

Contact Information: tech@kurzweiledu.com

**Notes:** 

**Evaluation Methods Used:** The following applications were used to evaluate this product:

- Verified expected accessibility behavior using the following browsers: Firefox, Chrome, Internet Explorer, Edge and Safari.
- Assistive technologies: JAWS, NVDA, and ChromeVox
- Accessibility testing tools: Browser extension: axe, WAVE

#### **Applicable Standards/Guidelines**

This report covers the degree of conformance for the following accessibility standard/guidelines:

| Standard/Guideline  | Included In Report |
|---|--------------------|
| Web Content Accessibility Guidelines 2.1  | Level A (Yes)      |
|   | Level AA (Yes)     |
|   | Level AAA (No)     |
| Revised Section 508 standards published January 18, 2017 and corrected January 22, 2018 | (Yes)              |

#### **Terms**

The terms used in the Conformance Level information are defined as follows:

- **Supports**: The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.
- Partially Supports: Some functionality of the product does not meet the criterion.
- **Does Not Support**: The majority of product functionality does not meet the criterion.
- Not Applicable: The criterion is not relevant to the product.
- Not Evaluated: The product has not been evaluated against the criterion. This can be used only in WCAG 2.1 Level AAA.

#### WCAG 2.1 Report

Tables 1 and 2 also document conformance with:

- Chapter 5 501.1 Scope, 504.2 Content Creation or Editing
- Chapter 6 602.3 Electronic Support Documentation

Note: When reporting on conformance with the WCAG 2.1 Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the WCAG 2.1 Conformance Requirements.

#### **Table 1: Success Criteria, Level A**

Notes: Web: Kurzweil 3000 for Web Browsers / Software: Kurzweil 3000 for Windows or Macintosh

| Success Criteria, Level A  |   |   |
|--|---|---|
| Criteria   | Conformance Level   | Remarks and Explanations  |
| 1.1.1 Non-text Content (Level A) Also applies to: Revised Section 508  | Web: Supports Electronic Docs: Supports Software: Supports  | Web: Kurzweil 3000 provides alternate text for all non-text content.  Electronic Docs: Images are displayed before or   |
| <ul><li>501 (Web)(Software)</li><li>504.2 (Authoring Tool)</li><li>602.3 (Support Docs)</li></ul>  | Authoring Tool: Not Applicable  | after descriptive support text. <b>Software</b> : Kurzweil 3000 provides text for images in documents.  |
| 1.2.1 Audio-only and Video-only (Prerecorded) (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)              | Web: Partially Supports Electronic Docs: Not Applicable Software: Not Applicable Authoring Tool: Not Applicable | Web: While there are no transcripts for the eight help videos, the videos are closed-captioned and alternate media exists: there are text based documents that outline the same information.  Electronic Docs: The document is in text format.  Software: There is no prerecorded audio or video. |
| 1.2.2 Captions (Prerecorded) (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)                               | Web: Partially Supports Electronic Docs: Not Applicable Software: Not Applicable Authoring Tool: Not Applicable | Web: Help videos include closed captions.  Electronic Docs: The document is in text format.  Software: There is no prerecorded audio or media alternative.  |
| 1.2.3 Audio Description or Media Alternative (Prerecorded) (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs) | Web: Does not support Electronic Docs: Not Applicable Software: Not Applicable Authoring Tool: Not Applicable   | Web: While the help videos do not have audio descriptions, alternate media exists: there are text-based documents that outline the same information.  Electronic Docs: The document is in text format.  Software: There is no prerecorded audio or media alternative.                             |

|   | Success Criteria, Level A   |   |
|---|---|---|
| Criteria  | Conformance Level   | Remarks and Explanations  |
| 1.3.1 Info and Relationships (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)  | Web: Supports Electronic Docs: Not Applicable Software: Supports Authoring Tool: Not Applicable | Web: The html is logically designed and labelled. All controls have equivalent labels with predictable relationships Electronic Docs: The document is in text format. Software: All controls have equivalent labels with predictable relationships  |
| 1.3.2 Meaningful Sequence (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)     | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable       | Web: Elements are grouped in a logical order based on functionality. Keyboard navigation traverses sequentially in the same order as presented visually.  Electronic Docs: No unordered lists are present; the order of content is meaningful.  Software: Elements are grouped in a logical order based on functionality. Keyboard navigation traverses sequentially in the same order as presented visually. |
| 1.3.3 Sensory Characteristics (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs) | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable       | Web: Operation of elements does not require knowledge of shape, color, size, visual location, orientation, or sound.  Electronic Docs: The text document does not have sensory characteristics or require knowledge of shape or color.  Software: Operation of Kurzweil 3000 does not require knowledge of shape, color, size, visual location, orientation, or sound.  |
| 1.4.1 Use of Color (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)            | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable       | Web: Color is not used as the only visual means of conveying information. All information is available in text.  Electronic Docs: Color is not used to convey support information.  Software: Color is not used as the only visual means of conveying information. All information is available in text.  |

| Suc  | cess Criteria, Level A  |  |
|--|---|--|
| Criteria   | Conformance Level   | Remarks and Explanations   |
| 1.4.2 Audio Control (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)    | Web: Supports Electronic Docs: Not Applicable Software: Supports Authoring Tool: Not Applicable | Web: Kurzweil 3000 does not have audio that plays automatically. Sounds play on user request and can be paused and stopped.  Electronic Docs: The text document does not have automatic audio.  Software: Kurzweil 3000 does not have audio that plays automatically. Sounds play on user request and can be paused and stopped.   |
| 2.1.1 Keyboard (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)         | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable       | Web: User is able to navigate to and give focus to controls with the keyboard. A keyboard can be used to perform the majority of core application features such as play/pause/next/previous audio, selection of words during word prediction, etc.  Electronic Docs: The document can be read aloud in Kurzweil 3000 using keyboard controls if desired or the text can be viewed outside of the web or software.  Software: User is able to navigate to and give focus to controls with the keyboard. A keyboard can be used to perform all application features. |
| 2.1.2 No Keyboard Trap (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs) | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable       | Web: When using the keyboard to move through elements of Kurzweil 3000, the focus does not become trapped in any of the content.  Electronic Docs: The document can be read outside of the web or software, or from within Kurzweil 3000 where there are no keyboard traps.  Software: When using the keyboard to move through elements of Kurzweil 3000, the focus does not become trapped in any of the content.   |

| Success Criteria, Level A  |   |  |
|--|---|--|
| Criteria   | Conformance Level   | Remarks and Explanations   |
| 2.2.1 Timing Adjustable (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)  | Web: Not Applicable Electronic Docs: Not Applicable Software: Not Applicable Authoring Tool: Not Applicable       | Web: There is no time limit set by the content. Thus, there are no adjustable time limits. Electronic Docs: No time limits are set. Software: There is no time limit set by the content. Thus, there are no adjustable time limits   |
| 2.2.2 Pause, Stop, Hide (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)  | Web: Not Applicable<br>Electronic Docs: Supports<br>Software: Not Applicable<br>Authoring Tool: Not<br>Applicable | Web: Items do not move, blink, scroll or auto- update; therefore, there is no related pause, stop, or hide for such.  Electronic Docs: the text document does not move, blink, or automatically scroll.  Software: Items do not move, blink, scroll or auto- update; therefore, there is no related pause, stop, or hide for such. |
| 2.3.1 Three Flashes or Below Threshold (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)   | Web: Not Applicable<br>Electronic Docs: Supports<br>Software: Not Applicable<br>Authoring Tool: Not<br>Applicable | Web: Kurzweil 3000 does not have content that flashes.  Electronic Docs: There is no flashing in the document.  Software: Kurzweil 3000 does not have content that flashes   |
| <ul> <li>2.4.1 Bypass Blocks (Level A)</li> <li>Also applies to: Revised Section 508</li> <li>501 (Web)(Software) – Does not apply to non-web software</li> <li>504.2 (Authoring Tool)</li> <li>602.3 (Support Docs) – Does not apply to non-web docs</li> </ul> | Web: Supports Electronic Docs: Not Applicable Software: Not Applicable Authoring Tool: Not Applicable             | Web: Blocks of content ignored during reading with use of silent zones and header/footer zones.  Navigation links provided for web keyboard users to skip over content.  Software: Not Applicable Electronic Docs:   |
| 2.4.2 Page Titled (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)  | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable                         | Web: Each page has a title describing its topic. Electronic Docs: The document name is present on each page. Software: Each window displays a document title.  |

| Success Criteria, Level A   |   |  |
|---|---|--|
| Criteria  | Conformance Level   | Remarks and Explanations   |
| 2.4.3 Focus Order (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)   | Web: Supports Electronic Docs: Software: Authoring Tool: Not Applicable                   | Web: Users can navigate with tab key through links, form controls, and objects that receive focus in a logical, sequential order.  Electronic Docs: The document can be read aloud in order in Kurzweil 3000 web and software.  Software: Users can navigate through windows in a logical, sequential order.               |
| <ul> <li>2.4.4 Link Purpose (In Context) (Level A) Also applies to: Revised Section 508 <ul> <li>501 (Web)(Software)</li> <li>504.2 (Authoring Tool)</li> <li>602.3 (Support Docs)</li> </ul> </li> </ul> | Web: Supports Electronic Docs: Software: Supports Authoring Tool: Not Applicable          | Web: The purpose of each link in Kurzweil 3000 can be determined from the link text or alternate text.  Electronic Docs: The text associated with each link describes the link purpose.  Software: The purpose of each button in the software can be determined from the label text.                                       |
| <ul> <li>3.1.1 Language of Page (Level A)</li> <li>Also applies to:     Revised Section 508</li> <li>501 (Web)(Software)</li> <li>504.2 (Authoring Tool)</li> <li>602.3 (Support Docs)</li> </ul>         | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable | Web: The language of pages is specified. Electronic Docs: The language, English, is specified. Software: The language of each document pages can be determined.  |
| 3.2.1 On Focus (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)  | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable | Web: When user interface components receive focus, no unexpected change of context automatically occurs.  Electronic Docs: The text document functionality is predictable with no unexpected content change.  Software: No unexpected change of context automatically occurs when user interface components receive focus. |
| 3.2.2 On Input (Level A)  Also applies to:  Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)  | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable | Web: Context is not automatically changed. Buttons or checkboxes are provided to initiate change. Electronic Docs: The text document functionality is predictable with no unexpected context change.   |

| Success Criteria, Level A  |   |   |
|--|---|---|
| Criteria   | Conformance Level   | Remarks and Explanations  |
|  |   | Software: Context is not automatically changed. Buttons or checkboxes are provided to initiate change   |
| 3.3.1 Error Identification (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)   | Web: Supports Electronic Docs: Not Applicable Software: Supports Authoring Tool: Not Applicable | Web: When an error is detected, Kurzweil 3000 describes the error in text. Error text can be read with screen readers.  Electronic Docs: No input errors are associated with the document.  Software: When an error is detected, Kurzweil 3000 describes the error in text, and the text can be read aloud. |
| 3.3.2 Labels or Instructions (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs) | Web: Supports Electronic Docs: Not Applicable Software: Supports Authoring Tool: Not Applicable | Web: Labels describing the purpose of all components are present.  Electronic Docs: There are no input or form fields for the document.  Software: Labels describing the purpose of all components are present.   |
| 4.1.1 Parsing (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)                | Web: Supports Electronic Docs: Not Applicable Software: Supports Authoring Tool: Not Applicable | Web: Unique control identifiers are used on web pages.  Electronic Docs: The document is a standard PDF.  Software: Elements are nested correctly and do not contain duplicate attributes.  |
| 4.1.2 Name, Role, Value (Level A) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)      | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable       | Web: Aria tags describe and label the purpose of user interface components and can be read with screen readers.  Electronic Docs: The document is a standard PDF.  Software: User interface controls can be read aloud.   |

#### **Table 2: Success Criteria, Level AA**

Notes: Web: Kurzweil 3000 for Web Browsers / Software: Kurzweil 3000 for Windows or Macintosh

| Success Criteria, Level AA   |   |  |
|--|---|--|
| Criteria   | Conformance Level   | Remarks and Explanations   |
| 1.2.4 Captions (Live) (Level AA) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)                 | Web: Not Applicable Electronic Docs: Not Applicable Software: Not Applicable Authoring Tool: Not Applicable   | Web: There are no live, real-time audios, videos, or media broadcasts in Kurzweil 3000.  Electronic Docs: The document is text only.  Software: There are no live, real-time audios, videos, or media broadcasts in Kurzweil 3000.   |
| 1.2.5 Audio Description (Prerecorded) (Level AA) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs) | Web: Does Not Support Electronic Docs: Not Applicable Software: Not Applicable Authoring Tool: Not Applicable | Web: Although the eight help videos are closed captioned, secondary versions or audio tracks with audio descriptions are currently not available.  Electronic Docs: The document is text only.  Software: There is no prerecorded video content.   |
| 1.4.3 Contrast (Minimum) (Level AA) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)              | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable                     | Web: Text and images meet contrast guideline standards. The user can additionally change font, background, highlight and cursor colors, and a web dark mode is also provided.  Electronic Docs: The document is a standard PDF.  Software: Kurzweil 3000 provides a variety of color options including change of font, background, highlight and cursor color. |
| 1.4.4 Resize text (Level AA) Also applies to: Revised Section 508  • 501 (Web)(Software)  • 504.2 (Authoring Tool)  • 602.3 (Support Docs)                     | Web: Supports Electronic Docs: Supports Software: Supports Authoring Tool: Not Applicable                     | Web and Software: Kurzweil 3000 allows the user to resize text through use of operating system and browser accessibility features. Zoom capabilities are also provided and a spoken word magnification window, enlarging text while reading, is available in the software.  Electronic Docs: The document is a standard PDF supporting zoom.                   |

| Revised Section 508 – Does not apply   |                         |  |  |
| 2.2.4 Interruptions (Level AAA) Also applies to: Revised Section 508 – Does not apply            | Web: Not Applicable     | Web: There are no time-based activities.   |  |
| 2.2.5 Re-authenticating (Level AAA) Also applies to: Revised Section 508 – Does not apply        | Web: Partially Supports | <b>Web</b> : Kurzweil 3000 remembers the last page document number that user was working on. |  |
| 2.3.2 Three Flashes (Level AAA) Also applies to: Revised Section 508 – Does not apply            | Web: Not Applicable     | Web: There is no flashing used in Kurzweil 3000.   |  |
| 2.4.8 Location (Level AAA) Also applies to: Revised Section 508 – Does not apply                 | Web: Supports           | Web: Breadcrumb is available.  |  |
| 2.4.9 Link Purpose (Link Only) (Level AAA) Also applies to: Revised Section 508 – Does not apply | Web: Partially Supports | <b>Web</b> : The purpose of the majority of links can be determined from the text.           |  |
| 2.4.10 Section Headings (Level AAA) Also applies to: Revised Section 508 – Does not apply        | Web: Partially Supports | Web: Image document section headings are marked with bookmarks.                              |  |
| 3.1.3 Unusual Words (Level AAA) Also applies to: Revised Section 508 – Does not apply            | Web: Not Applicable     | <b>Web</b> : Kurzweil 3000 does not use words or phrases in an unusual or restricted way.    |  |
| 3.1.4 Abbreviations Also applies to: Revised Section 508 – Does not apply                        | Web: Not Applicable     | <b>Web</b> : Abbreviations are not used in Kurzweil 3000.                                    |  |
| 3.1.5 Reading Level (Level AAA) Also applies to: Revised Section 508 – Does not apply            | Web: Not Applicable     | <b>Web</b> : Language on Kurzweil 3000 does not need a simplified version.                   |  |
| 3.1.6 Pronunciation (Level AAA) Also applies to: Revised Section 508 – Does not apply            | Web: Not Applicable     | <b>Web</b> : Pronunciation is not needed for the meaning of words to be clear.               |  |
| 3.2.5 Change on Request (Level AAA) Also applies to:   | Web: Supports           | <b>Web</b> : Kurzweil 3000 users control the context of the page.                            |  |

| Success Criteria, Level AAA  |                         |   |  |
|--|-------------------------|---|--|
| Criteria   | Conformance Level       | Remarks and Explanations  |  |
| Revised Section 508 – Does not apply   |                         |   |  |
| 3.3.5 Help (Level AAA) Also applies to: Revised Section 508 – Does not apply                   | Web: Does Not support   | <b>Web</b> : Context sensitive help is not available.                                     |  |
| 3.3.6 Error Prevention (All) (Level AAA) Also applies to: Revised Section 508 – Does not apply | Web: Partially Supports | <b>Web</b> : Kurzweil 3000 provides confirmation messages on key features of the product. |  |

### **Revised Section 508 Report**

#### **Chapter 3: Functional Performance Criteria (FPC)**

| Functional Performance Criteria (FPC)                          |                    |  |
|--|--------------------|--|
| Criteria   | Conformance Level  | Remarks and Explanations   |
| 302.1 Without Vision   | Software: Supports | Software: Kurzweil 3000 provides   |
|  |                    | audible output.  |
| 302.2 With Limited Vision                                      | Software: Supports | <b>Software</b> : Kurzweil 3000 provides audible output.                     |
| 302.3 Without Perception of Color                              | Software: Supports | Software: Color is not used as the only                                      |
|  |                    | visual means of conveying information. All information is available in text. |
| 302.4 Without Hearing  | Software: Supports | Software: An individual without  |
|  |                    | hearing can see words as they are highlighted and spoken.                    |
| 302.5 With Limited Hearing                                     | Software: Supports | Software: Words are highlighted in   |
|  |                    | context as reading takes place to help                                       |
|  |                    | follow along.  |
| 302.6 Without Speech   | Software: Supports | <b>Software</b> : It is not necessary to speak to use Kurzweil 3000.         |
| 302.7 With Limited Manipulation                                | Software: Supports | Software: Command and control of   |
|  |                    | Kurzweil 3000 is possible using speech recognition technology, keyboard,     |
|  |                    | mouse or other access technology.  |
| 302.8 With Limited Reach and Strength                          | Software: Supports | Software: Command and control of   |
|  |                    | Kurzweil 3000 is possible using speech                                       |
|  |                    | recognition technology, keyboard,  |
|  |                    | mouse or other access technology.  |
| 302.9 With Limited Language, Cognitive, and Learning Abilities | Software: Supports | <b>Software</b> : This is the core purpose of Kurzweil 3000.                 |

#### **Chapter 4: <u>Hardware</u>**

|   | Hardware                            |   |
|---|-------------------------------------|---|
| Criteria                                      | Conformance Level                   | Remarks and Explanations  |
| 402 Closed Functionality                      | Heading cell – no response required | Heading cell – no response required   |
| 402.1 General                                 | Heading cell – no response required | Heading cell – no response required   |
| 402.2 Speech-Output Enabled                   | Heading cell – no response required | Heading cell – no response required   |
| 402.2.1 Information Displayed On-Screen       | Software: Supports                  | <b>Software</b> : Kurzweil 3000 provides speech output for all on-screen information.   |
| 402.2.2 Transactional Outputs                 | Software: Supports                  | <b>Software</b> : Messages can be read audibly to verify transactions.  |
| 402.2.3 Speech Delivery Type and Coordination | Software: Supports                  | <b>Software</b> : Kurzweil 3000 reads with human quality voices coordinated with the information displayed on the screen by highlighting the spoken text.         |
| 402.2.4 User Control                          | Software: Supports                  | <b>Software</b> : When a transaction is selected, Kurzweil 3000 automatically stops reading. Speech can be repeated and paused.                                   |
| 402.2.5 Braille Instructions                  | Software: Does not Support          | <b>Software</b> : Braille instructions are not provided for initiating the speech mode.   |
| 402.3 Volume                                  | Heading cell – no response required | Heading cell – no response required   |
| 402.3.1 Private Listening                     | Software: Supports                  | <b>Software</b> : Speech output volume is consistent with the audio volume set by the user for the computer on which Kurzweil 3000 is installed.                  |
| 402.3.2 Non-private Listening                 | Software: Supports                  | Software: Kurzweil 3000 speech output volume does not change amplification from that set by the user in the operating system on which Kurzweil 3000 is installed. |
| 402.4 Characters on Display Screens           | Software: Supports                  | Software: Users control fonts and background colors. Zoom capabilities  |

|  | Hardware                            |   |
|--|-------------------------------------|---|
| Criteria   | Conformance Level                   | Remarks and Explanations  |
|  |                                     | are also provided and a spoken word magnification window enlarges text while reading.   |
| 402.5 Characters on Variable Message Signs                 | Software: Not Applicable            | <b>Software</b> : Electronic sign variable message characters are not used with Kurzweil 3000.  |
| 403 Biometrics   | Heading cell – no response required | Heading cell – no response required   |
| 403.1 General  | Software: Not Applicable            | <b>Software</b> : Biometrics are not used with Kurzweil 3000.   |
| 404 Preservation of Information Provided for Accessibility | Heading cell – no response required | Heading cell – no response required   |
| 404.1 General  | Software: Supports                  | Software: Information is preserved.   |
| 405 Privacy  | Heading cell – no response required | Heading cell – no response required   |
| 405.1 General  | Software: Supports                  | Software: The same degree of privacy is provided to all users. The Kurzweil 3000 screen does not blank automatically when reading.  |
| 406 Standard Connections                                   | Heading cell – no response required | Heading cell – no response required   |
| 406.1 General  | Software: Not Applicable            | <b>Software</b> : Expansion slots, ports, connectors are not required to use Kurzweil 3000.   |
| 407 Operable Parts   | Heading cell – no response required | Heading cell – no response required   |
| 407.2 Contrast   | Software: Supports                  | <b>Software</b> : Kurzweil 3000 provides access to all features either through use of keyboard shortcuts or the menu structure of the program. Menu controls contrast visually. |
| 407.3 Input Controls                                       | Heading cell – no response required | Heading cell – no response required   |
| 407.3.1 Tactilely Discernible                              | Software: Not Applicable            |   |
| 407.3.2 Alphabetic Keys                                    | Software: Not Applicable            |   |
| 407.3.3 Numeric Keys                                       | Software: Not Applicable            |   |

|  | Hardware                            |  |
|--|-------------------------------------|--|
| Criteria   | Conformance Level                   | Remarks and Explanations   |
| 407.4 Key Repeat   | Software: Not Applicable            |  |
| 407.5 Timed Response   | Software: Not Applicable            |  |
| 407.6 Operation  | Software: Supports                  | <b>Software</b> : Kurzweil 3000 provides access to all features through use of keyboard shortcuts. |
| 407.7 Tickets, Fare Cards, and Keycards                                | Software: Not Applicable            |  |
| 407.8 Reach Height and Depth   | Heading cell – no response required | Heading cell – no response required  |
| 407.8.1 Vertical Reference Plane                                       | Software: Not Applicable            |  |
| 407.8.1.1 Vertical Plane for Side Reach                                | Software: Not Applicable            |  |
| 407.8.1.2 Vertical Plane for Forward Reach                             | Software: Not Applicable            |  |
| 407.8.2 Side Reach   | Software: Not Applicable            |  |
| 407.8.2.1 Unobstructed Side Reach                                      | Software: Not Applicable            |  |
| 407.8.2.2 Obstructed Side Reach  | Software: Not Applicable            |  |
| 407.8.3 Forward Reach  | Software: Not Applicable            |  |
| 407.8.3.1 Unobstructed Forward Reach                                   | Software: Not Applicable            |  |
| 407.8.3.2 Obstructed Forward Reach                                     | Software: Not Applicable            |  |
| 407.8.3.2.1 Operable Part Height for ICT with Obstructed Forward Reach | Software: Not Applicable            |  |
| 407.8.3.2.2 Knee and Toe Space under ICT with Obstructed Forward Reach | Software: Not Applicable            |  |
| 408 Display Screens  | Heading cell – no response required | Heading cell – no response required  |

|  | Hardware                            |  |
|--|-------------------------------------|--|
| Criteria   | Conformance Level                   | Remarks and Explanations   |
| 408.2 Visibility                                   | Software: Not Applicable            |  |
| 408.3 Flashing                                     | Software: Not Applicable            |  |
| 409 Status Indicators                              | Heading cell – no response required | Heading cell – no response required  |
| 409.1 General                                      | Software: Supports                  | <b>Software</b> : Kurzweil 3000 status messages can be seen and/or read aloud.   |
| 410 Color Coding                                   | Heading cell – no response required | Heading cell – no response required  |
| 410.1 General                                      | Software: Supports                  | <b>Software</b> : Color is not used as the only visual means of conveying information. All information is available in text. |
| 411 Audible Signals                                | Heading cell – no response required | Heading cell – no response required  |
| 411.1 General                                      | Software: Supports                  | <b>Software</b> : All cues and signals are available in text.  |
| 412 ICT with Two-Way Voice Communication           | Heading cell – no response required | Heading cell – no response required  |
| 412.2 Volume Gain                                  | Heading cell – no response required | Heading cell – no response required  |
| 412.2.1 Volume Gain for Wireline Telephones        | Software: Not Applicable            |  |
| 412.2.2 Volume Gain for Non-Wireline ICT           | Software: Not Applicable            |  |
| 412.3 Interference Reduction and Magnetic Coupling | Heading cell – no response required | Heading cell – no response required  |
| 412.3.1 Wireless Handsets                          | Software: Not Applicable            |  |
| 412.3.2 Wireline Handsets                          | Software: Not Applicable            |  |
| 412.4 Digital Encoding of Speech                   | Software: Not Applicable            |  |
| 412.5 Real-Time Text Functionality                 | Reserved for future                 | Reserved for future  |
| 412.6 Caller ID                                    | Software: Not Applicable            |  |
| 412.7 Video Communication                          | Software: Not Applicable            |  |
| 412.8 Legacy TTY Support                           | Heading cell – no response required | Heading cell – no response required  |
| 412.8.1 TTY Connectability                         | Software: Not Applicable            |  |
| 412.8.2 Voice and Hearing Carry Over               | Software: Not Applicable            |  |
| 412.8.3 Signal Compatibility                       | Software: Not Applicable            |  |
| 412.8.4 Voice Mail and Other Messaging Systems     | Software: Not Applicable            |  |
| 413 Closed Caption Processing Technologies         | Heading cell – no response required | Heading cell – no response required  |
| 413.1.1 Decoding and Display of Closed Captions    | Software: Not Applicable            |  |
| 413.1.2 Pass-Through of Closed Caption Data        | Software: Not Applicable            |  |

|   | Hardware                            |                                     |
|---|-------------------------------------|-------------------------------------|
| Criteria  | Conformance Level                   | Remarks and Explanations            |
| 414 Audio Description Processing Technologies         | Heading cell – no response required | Heading cell – no response required |
| 414.1.1 Digital Television Tuners                     | Software: Not Applicable            |                                     |
| 414.1.2 Other ICT                                     | Software: Not Applicable            |                                     |
| 415 User Controls for Captions and Audio Descriptions | Heading cell – no response required | Heading cell – no response required |
| 415.1.1 Caption Controls                              | Software: Not Applicable            |                                     |
| 415.1.2 Audio Description Controls                    | Software: Not Applicable            |                                     |

#### **Chapter 5: Software**

|   | Software                            |   |
|---|-------------------------------------|---|
| Criteria  | Conformance Level                   | Remarks and Explanations  |
| 501.1 Scope – Incorporation of WCAG 2.1 AA      | See WCAG 2.1 section                | See information in WCAG 2.1 section   |
| 502 Interoperability with Assistive Technology  | Heading cell – no response required | Heading cell – no response required   |
| 502.2.1 User Control of Accessibility Features  | Software: Supports                  | <b>Software</b> : Users controls the features, such as background colors, font size, etc.                                   |
| 502.2.2 No Disruption of Accessibility Features | Software: Supports                  | <b>Software</b> : Kurzweil 3000 does not disrupt assistive technology, operating systems or related accessibility features. |
| 502.3 Accessibility Services                    | Heading cell – no response required | Heading cell – no response required   |
| 502.3.1 Object Information                      | Software: Supports                  |   |
| 502.3.2 Modification of Object Information      | Software: Supports                  |   |
| 502.3.3 Row, Column, and Headers                | Software: Supports                  |   |
| 502.3.4 Values                                  | Software: Supports                  |   |
| 502.3.5 Modification of Values                  | Software: Supports                  |   |
| 502.3.6 Label Relationships                     | Software: Supports                  |   |
| 502.3.7 Hierarchical Relationships              | Software: Supports                  |   |
| 502.3.8 Text                                    | Software: Supports                  |   |
| 502.3.9 Modification of Text                    | Software: Supports                  |   |
| 502.3.10 List of Actions                        | Software: Supports                  |   |
| 502.3.11 Actions on Objects                     | Software: Supports                  |   |
| 502.3.12 Focus Cursor                           | Software: Supports                  |   |
| 502.3.13 Modification of Focus Cursor           | Software: Supports                  |   |
| 502.3.14 Event Notification                     | Software: Supports                  |   |
| 502.4 Platform Accessibility Features           | Software: Supports                  |   |
| 503 Applications                                | Heading cell – no response required | Heading cell – no response required   |
| 503.2 User Preferences                          | Software: Supports                  |   |
| 503.3 Alternative User Interfaces               | Software: Not Applicable            |   |
