This document is meant only as an introduction to the most basic features. For more detailed information, please visit the the Kurzweil Education website www.Kurzweiledu.com, Kurzweil 3000 Help menu, and the web app Help (www.Kurzweil3000.com).

For further information about customized Professional Development, please contact the Customer Success Dept at 800-894-5374.

Open Kurzweil 3000

Double Click the Kurzweil 3000 icon on your desktop.

Login (Web License Subscription Only):

Your username and password is the same for ALL Kurzweil 3000 Subscription components.

If you are the Kurzweil site administrator – login is emailed to you in your welcome package from Kurzweil’s Customer Service team.

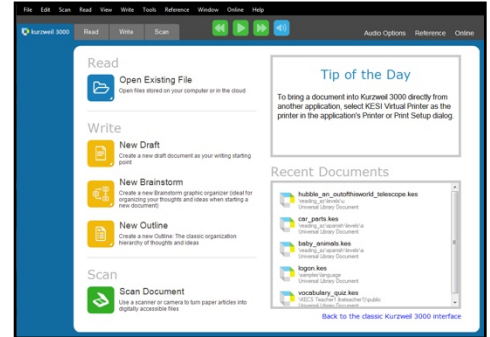

If you are a teacher or student – check with your school/district Kurzweil site administrator to obtain your username and password.

The Kurzweil 3000 Home Tab

From here you can:

- Open a file from the Universal Library, your local computer or Google docs
- Start a new draft document
- Start a new brainstorm document
- Start a new outline
- Scan a new file
- See the Tip of the Day
- See a list of the most recent opened doc

Other Quick Access Tabs

Read – starting point for reading and highlighting a document

Write – starting point for the writing path

Scan – starting point for scanning

Read buttons and Options dropdowns (Audio, Reference, Online) will be constant on all tabs

Toolbars and Palettes

Each tab has its own toolbar across the top and palette of tools down the left side.

The tools will change depending on the tab you are in.

Two Document Types: Text and Image

Text Document

- Text information
- Open an existing text file or create one in Kurzweil 3000 by typing or extracting text
- Students can edit and format content

Text can be selected, font and font size changed, can be edited.

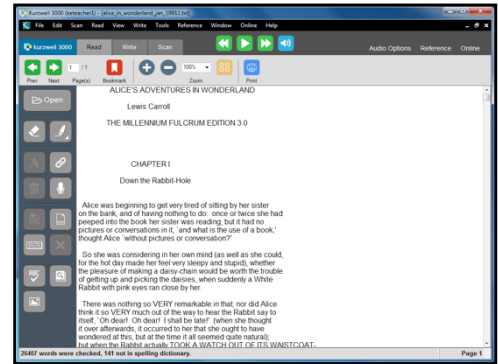

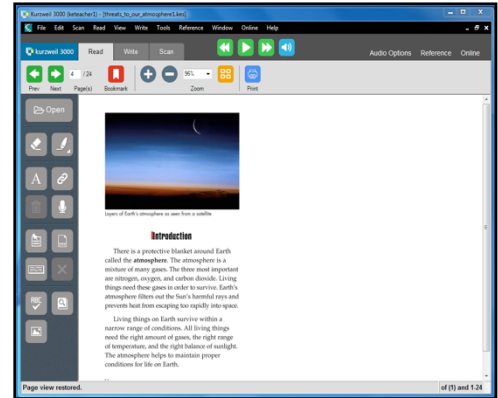

Image Document

- Exact image of page (text, pictures, graphics) and underlying text
- Created by OCR process by scanning or virtual printer
- Students can't modify image

Text, images and document is locked. Use Zoom feature to enlarge, Text, Sticky or Voice Notes to annotate on document. Importing a PDF file will create an image document.

	Text Documents	Image Documents
Description and File Creation	Created by typing in text, opening an existing text or word processing file, or extracting text or annotations or highlights within a Kurzweil 3000 image document	Image documents are generated by scanning, virtual printing or opening a PDF. These files contain two layers: The image, which is a picture of the page that you see on the screen and includes pictures, graphics and text The underlying text, which is the set of words that Kurzweil 3000 reads.
Purpose	Students can create, edit and format text documents for study guides and to complete writing assignments.	Used for print-based materials that need to be read aloud; and for curriculum content that includes graphics or images that support the text.
Supported Editing Features	Cut/Paste, insert page breaks, Text formatting - font, size, style, line spacing, word spacing	You cannot change the format of the picture layer of image documents. You can change the underlying reading order and underlying text using Zone Editor and Edit Underlying Text.
Supported Study Skills Features	Highlights, Bookmarks, Voice Notes, Footnotes and Bubble Notes.	Highlights, Bookmarks, Voice Notes, Footnotes, Text Notes, Sticky Notes, Fill in the Blanks Bubble Notes

Access Content

Kurzweil 3000 can open a variety of files and convert them to .kes files.

From your local Computer, the Universal Library, or Google Drive

- From the Kurzweil 3000 tab choose Open Existing File

The Universal Library (Web License Subscription Only)

Unlimited cloud storage for your Kurzweil 3000 files in addition to some pre-loaded content:

- Your Private and Public folders
- Public folders for the Top Level admin and any teachers or students in your team. Students cannot see other student's folders.
- Classic Literature folder (1800+ titles)
- Help files folder
- Non-Fiction Bookbag folder containing 15 titles for grades 3 through 8
- Sample files folder
- Templates

Click on your name to select, and click the plus (+) button

Click on the folder where the file is saved

Choose the file from the list on the right

From Google Drive

- You will be asked to sign in to Google Drive via the web
- Return to K3000 - the Open from Google Drive folder will be displayed, click on My Drive to see files

Bookstores/Online

You cannot import a Kindle eBook, but can import eBooks from other sources

Download the book as an ePub or PDF file to your computer

Images of Printed Material - pictures of pages, articles taken with cell phone, iPad, etc.

- Save (or upload) image to Google Drive or your local computer
- Open the image using the appropriate button listed above

From Online File Storage - such as Dropbox, OneDrive, Box, etc.

- Download the file to your computer from the online storage program (such as Dropbox)
- Use the **Open from Local Computer button** or the **File menu > Open**, to locate the file

From a Scanner (connected to your computer)

- Choose the **Scan tab**, choose **Scanner Setup button** to the right of the Zoom options and choose your scanner
- Place the document or page on the scanner, click the **Start a Scan button**

Virtual Print – bring files from another application into K3000 to save as a .kes file

- Open a file in its native application
- File > Print** and choose the **KESI Virtual Printer**
- The file will appear in K3000 to be read, saved, etc.
