

Release Notes

Kurzweil 3000® for Macintosh Version 15.0.3
September 8, 2016

WHAT'S NEW?

15.0.3 ENHANCEMENTS, CHANGES AND RESOLVED ISSUES

In Web License Edition:

- Revised and Enhanced Read the Web

In All Editions:

- Various bug fixes

GENERAL NOTES

- Product editions are also downloadable from: www.kurzweiledu.com/k3mac
- The Kurzweil 3000 for Macintosh Trial is now on separate media, and can no longer be activated to full product.
- All documentation is available in PDF format in the Documentation folder on the product DVD, as well as at <https://kurzweiledu.com> under the Download Center.

INSTALLATION NOTES – Standalone Edition

Have your serial number(s) ready. You can find the serial number on the product box. Remove the currently installed version of Kurzweil 3000 by moving it to the Trash before installing the new version.

Do one of the following:

Place the Kurzweil 3000 DVD into the DVD drive and double-click the Standalone edition icon.

Or

Go to www.kurzweiledu.com/k3mac to download the installation file.

With version 15, we now have an installer. Double-click on the installer and follow directions.

If Kurzweil 3000 will be accessed by a number of users, drag the **Sample Files** folder to the **Shared** folder, located in the **Users** folder. This will make the sample documents easily accessible to all users.

INSTALLATION NOTES – Web License Edition

Before You Install:

Be sure to have an Internet connection.

You will also need the Username and Password from your site administrator.

Installing Web License Client:

Do one of the following:

Place the Kurzweil 3000 DVD into the DVD drive and double-click the Standalone edition icon.

Or go to www.kurzweiledu.com/k3mac to download the installation file.

With version 15, we now have an installer. Double-click on the installer and follow directions.

Web License Log In:

To Log in: In the Welcome window, enter your Username and Password.

UPGRADING FROM PREVIOUS KURZWEIL 3000 VERSIONS

(You may optionally drag the Kurzweil 3000 Version 15 application to another location or move your previous copy of Kurzweil 3000 to an archival location in order to use both versions; they do not interfere with each other.)

With version 15, we now have an installer. Double-click on the installer and follow directions.

You may optionally drag desired contents of the **Extras** folder to any location on your Macintosh. Installing the optional Read the Web functionality requires more steps; please refer to your installation guide for these features.

You will need to activate Version 15 using the new serial number.
